OVERNIGHT BOARDING

When your dog stays with us, they're in for round-the-clock care. We tuck them in with cozy blankets each night and keep them active with daily exercise, socialization, and plenty of potty breaks. Our goal is plenty of cage-free time to keep their spirits high! We feed twice daily—morning and evening—and keep a close eye on their behavior. After an extended stay, don't be surprised if your pup comes home happily tucked out from all the fun! At Pleasant Paws, we believe every dog deserves a fun, enriching, and stress-free stay—without the extra fees. Unlike many boarding facilities that charge for playtime, and so-called "enrichment" activities, we include these activities in our standard daycare and boarding rates for social dogs.

DAYCARE

We believe socialization is key to a happy, healthy dog. Our owners, Richard and Sarah, bring years of expertise in reading dog signals, ensuring playgroups are tailored to your pup's size and temperament. Every dog passes a temperament test before joining the fun, learning to play calmly under our trained staff's watchful eyes. If a rare scuffle happens, we separate dogs immediately and keep you in the loop.

spots fill fast, so book early!

GROOMING

Our professional grooming, with highly experienced groomers, leaves your dog looking and feeling their best. We clean, cut, and dry to your specifications. New to grooming? Feed your dog a healthy diet, get them used to grooming tools early, and stick to a regular schedule to prevent painful matting. Spots are limited—book your appointment today!

TRAINING

Our certified trainers make training simple and fun, whether it's puppy basics, obedience, or taming a rambunctious pup. With limited spots, don't wait to sign up for a well-mannered dog you'll love even more.
